**AUCTIONEER'S NOTE:** This service station was set up about 1941. Founder was J.R. McMurtry and Sons. Original building & pumps were built and installed by Illinois Oil Company. Charlie worked at this station as a young boy in school and after he got out of school. He came back to work at the station after he got out of the Service. A few years later he bought the business and has been there ever since. Everything to be sold is the collection and old inventory built up since the beginning of the business. Charlie kept everything. This is truly a one of a kind collection. Please note that Charlie is not closing the business. See you at the sale!

Thank You, Charlie, Ben & Associates
